

## Living Loud – Defending Your Faith

**Apologetics**: A reasoned defense. For a Christian it is using facts, experiences and logic to defend the truths of the faith and refute falsehood.

**Truth**: Telling it like it is!! That which matches the facts of the real world.

### **?? DOES GOD EXIST??**

The Bible is the BEST way to learn about God however not everyone believes that it is reliable. We should always begin with the Bible but when people object we need to know that God still shows Himself through creation and by the Spirit we can see Him.

#### **1) First Cause Proof:**

- What ever had a beginning had a cause.
- The universe had a beginning (“big bang”/expanding universe)
- Therefore the universe had a cause (we call God: Genesis 1:1)

#### **2) The design proof:**

- Every design has a designer.
- The universe has a design.
- Therefore the universe had a designer( we call God: Romans 1:19-21)

#### **3) The moral proof:**

- Every law had a lawgiver.
- There is a moral law.
- Therefore it had a good and moral lawgiver(we call God: Romans 2:14-15)

### **My Turn**

**\*Why is it important for ME to be able to give reasons for the existence of God?**

**\*Why may Bible verses be insufficient to prove that God exists?**
